INFLATABLES

INFLATABLES - DYNAMIC LINE

Strong and safe

The dynamic line represents a range of aluminium and rigid inflatable boats. Both are strong and safe and built with a purpose in mind: to give you a comfortable and convenient way to get to your yacht. They come in three sizes.

Get to the water - easily

Most Yachtsmen want a dinghy that they can easily inflate and deflate. Dynamic ribs can be inflated in just minutes, so it's very easy to get from your car trunk to the water side.

Material you can hit with a hammer

The dynamic ribs reinforced hull material can take this incredible pounding ... so you don't need to sweat bumping into the dock now and then.

MX/ORIB

MX/OAL

DYNAMIC LINE - RIBS

	MX-270/RIB	MX-310/RIB
Overall Length (cm)	270	310
Tube dia. In (cm)	42,5	42,5
Max. Person	3.5	4.0
Max. Load (kg)	480	500
Hull weight	45	50
Air chambers	3 + 1	3 + 1
Max. Motor (KW/HP)	7,4 / 10,0	7,4 / 10,0

DYNAMIC LINE - ALUMINIUM

	MX-265/OAL	MX-290/OAL	MX-320/OAL	MX-390/OAL
Overall Length (cm)	270	289,5	318	379
Tube dia. In (cm)	42,5	42,5	43	45
Max. Person	3.5	4.0	4.5	5.5
Max. Load (kg)	480	500	620	780
Hull weight	36	42	48	56
Air chambers	3 + 1	3 + 1	3 + 1	3 + 1
Max. Motor (KW/HP)	7,4 / 10,0	7,4 / 10,0	11,2 / 15,0	18,7 / 25,0

INFLATABLES - OFFSHORE LINE

Energized Sailing

Offshore Line consists of a range of three lengths, 3.50 m, 4.80 m, and 5.80 m. The boats are equipped with a steering house, comfortable seats and stow away space.

This extended Offshore Line is developed with a professional team of Naval architects. The design is based on stability, safety, speed and innovation. These aspects provide the Offshore Line with an ultramodern underwater ship in V-shape. It also guarantees a stable, safe AND dry ride even with stronger winds and higher waves. Excellent for rescue and coaching in small and larger waters. For trainers, instructors and regatta coaches.

OFFSHORE LINE

	OFF-350/RIB	OFF-480/RIB	OFF-580/RIB
Overall Length (cm)	350	480	580
Overall Beam (cm)	176	200	250
Tube dia. In (cm)	42.5	42.5	42.5
Max. Person	4	7.5	12
Max. Load (kg)	600	900	1200
Hull weight	73	210	325
Max. Motor (KW/HP)	11,2 / 15	37,3 / 50	85,8 / 115

INFLATABLES - ECO RANGE

Stable and strong

After 3 seasons of the ECO boats in the market, we now offer new style of ECO range with the following features:

- Bigger Tube diameter as well load capacity
- New MW-shape design
- Light-grey Fabric, 750 gr. / m²
- Varnish painting on all wooden parts
- Transom and Seat made of 18mm light Plywood
- Slats out of 9mm light Plywood
- Light-weight PVC Rubbling Strake
- New fashion design of oar lock, oar stopper, rope holder.

ECO RANGE

	MW-200/OSL	MW-220/OSL	MW-240/OSL	MW-240/OSL
Overall Length (cm)	201	220	240	258
Overall Beam (cm)	150	150	155	155
Tube dia. In (cm)	42.5	42.5	42.5	42.5
Max. Person	2	2.5	3	3
Max. Load (kg)	320	350	380	400
Hull weight	18.5	19.3	22	24
Max. Motor (KW/HP)	2,7 / 3,6	3,0 / 4,0	3,7 / 5,0	4,5 / 6,0
